Fall 2011 Semester Internship Opportunities

The Comadre a Comadre Program is seeking dynamic, self-motivated students for Fall- Spring 2011 Internships. These internships are non-paying but for credit hours and must be coordinated through the student’s faculty advisor or professor.

Selected interns will gain experience in:

• Working with Community Based Programs
• Working with diverse communities, especially Hispanic/Latino communities
• Resolving Barriers Related to Health Care Access
• Oncology Care
• Community Outreach

Minimum Qualifications:

• Enrolled in the Fall or Spring semesters
• Have approval from faculty
• Have an interest in any or all of the following: women’s health, ethnically/racially diverse health issues, community health, cultural competency, community-based research and cancer control.

Send resume and contact information to comadre@unm.edu ATTN: Internship Gena Laughlin or contact her directly at 242-1222.
